בס"ד

Rosh Chodesh Av, 5786

Taharas HaMishpacha is one of the enduring foundations upon which the Jewish home is built. It is far more than a halachic observance; it is a sacred covenant that infuses marriage with holiness, dignity, and renewal. Throughout the generations, this precious mitzvah has served as the quiet heartbeat of Jewish family life, sanctifying the deepest bonds between husband and wife.

We are privileged to live in a generation blessed with tools that make the observance of this mitzvah more accessible than ever before. When technology is harnessed to serve holiness, it becomes a vessel through which Torah can illuminate everyday life. Every effort to elevate, beautify, and simplify the fulfillment of *Taharas HaMishpacha* brings immeasurable light into Jewish homes and, in turn, into the world itself.

The **Mikvah Tracker** is a beautiful expression of that vision. Thoughtfully designed with both sensitivity and precision, it empowers women to observe the laws of family purity with confidence, clarity, and peace of mind.

This is not merely an app; it is a meaningful contribution to strengthening Jewish homes. By helping women navigate this sacred journey with greater ease, it nurtures the harmony of body and soul and supports the creation of families founded upon holiness, trust, and love.

I wholeheartedly believe that the **Mikvah Tracker** is a gift uniquely suited to the needs of our generation, and I pray that it will help countless families embrace this timeless mitzvah with joy, confidence, and renewed inspiration.

With blessings,

Rav Shlomo Katz

Kehilat Shirat David, Efrat
